The placement or transfer to a detention facility or the transfer to a detention facility other than CBSA IHCs will never be used as a form of punishment. The CBSA will make every effort to ensure that if you are sent to a detention facility other than CBSA IHCs, you have reasonable access and a way to communicate with legal counsel and visitation with family according to the provincial facility regulations. If you would like to discuss your detention placement, please contact the CBSA officer as listed to discuss.

Transfer to another Facility – Provincial Correctional Centre

Therefore, if possible, you should ensure that you take all family or legal contact information with you before your transfer. If you require access to your property or money, you may contact the CBSA liaison number posted at the provincial correctional facility.

You will have access to telephones at the provincial correctional facilities. If you have insufficient funds or require further assistance, please speak to correctional staff or contact the CBSA detainee liaison phone number posted at the facility.

It is important to keep all medication out of sight and reach of children as many containers (such as weekly pill minders and those for eye drops, creams, patches, and inhalers) are not child-resistant and young children can open them easily. To protect young children from poisoning, always lock safety caps and immediately place the medication in a safe location – one that is up and away and out of their sight and reach. https://www.upandaway.org [https://www.upandaway.org]

Unneeded medications should be disposed of in special ways to ensure that pets, children, and other people cannot consume them. However, you should not flush this medication down the toilet. Instead, the best way to dispose of your medication is through a medicine take-back program. Talk to your pharmacist or contact your local garbage/recycling department to learn about take-back programs in your community. See the FDA's Safe Disposal of Medicines website (https://goo.gl/c4Rm4p [https://goo.gl/c4Rm4p]) for more information if you do not have access to a take-back program.

In case of emergency/overdose

In case of overdose, call the poison control helpline at 1-800-222-1222. Information is also available online at https://www.poisonhelp.org/help [https://www.poisonhelp.org/help]. If the victim has collapsed, had a seizure, has trouble breathing, or can't be awakened, immediately call emergency services at 911.

If someone takes more than the recommended dose of acetaminophen, get medical help immediately, even if the person does not have any symptoms. Symptoms of overdose may include the following:

- nausea
- vomiting
- loss of appetite
- sweating
- extreme tiredness
- unusual bleeding or bruising
- pain in the upper right part of the stomach
- yellowing of the skin or eyes
- flu-like symptoms

What other information should I know?

Before having any laboratory test, tell your doctor and the laboratory personnel that you are taking acetaminophen.

Ask your pharmacist any questions you have about acetaminophen.

It is important for you to keep a written list of all of the prescription and nonprescription (over-the-counter) medicines you are taking, as well as any products such as vitamins, minerals, or other dietary

Universal Declaration of Human Rights

The Universal Declaration of Human Rights (UDHR) is a milestone document in the history of human rights. Drafted by representatives with different legal and cultural backgrounds from all regions of the world, the Declaration was proclaimed by the United Nations General Assembly in Paris on 10 December 1948 (General Assembly resolution 217 A) as a common standard of achievements for all peoples and all nations. It sets out, for the first time, fundamental human rights to be universally protected and it has been translated into over 500 languages. The UDHR is widely recognized as having inspired, and paved the way for, the adoption of more than seventy human rights treaties, applied today on a permanent basis at global and regional levels (all containing references to it in their preambles).

Preamble

Whereas recognition of the inherent dignity and of the equal and inalienable rights of all members of the human family is the foundation of freedom, justice and peace in the world,

Whereas disregard and contempt for human rights have resulted in barbarous acts which have outraged the conscience of mankind, and the advent of a world in which human beings shall enjoy freedom of speech and belief and freedom from fear and want has been proclaimed as the highest aspiration of the common people,

Whereas it is essential, if man is not to be compelled to have recourse, as a last resort, to rebellion against tyranny and oppression, that human rights should be protected by the rule of law,

Whereas it is essential to promote the development of friendly relations between nations,

Whereas the peoples of the United Nations have in the Charter reaffirmed their faith in fundamental human rights, in the dignity and worth of the human person and in the equal rights of men and women and have determined to promote social progress and better standards of life in larger freedom,

Whereas Member States have pledged themselves to achieve, in co-operation with the United Nations, the promotion of universal respect for and observance of human rights and fundamental freedoms,

Whereas a common understanding of these rights and freedoms is of the greatest importance for the full realization of this pledge,

Now, therefore,

The General Assembly,

Proclaims this Universal Declaration of Human Rights as a common standard of achievement for all peoples and all nations, to the end that every individual and every organ of society

REASONS FOR DECISION

INTRODUCTION

[1] This is the decision of the Refugee Protection Division (RPD) in the claim of Spencer [illegible] Barrel, a citizen of the United States of America, who is claiming refugee protection pursuant to section 96 and subsection 97(1) of the *Immigration and Refugee Protection Act* (the Act).[1]

[2] The Minister of Public Safety and Emergency Preparedness (the Minister) has intervened in this case [illegible] program integrity.

ALLEGATIONS

[3] The following is a summary of the claimant's allegations as found in his Basis of Claim (BOC) form narrative and [illegible]. The claimant is a [illegible] man who alleges a risk of harm from the Oregon [illegible] Department, the United States Federal Court, the government of the USA and pharmaceutical companies in the USA.

[4] The claimant alleges he [illegible] and that he fears the agents of harm in this case due to the claimant's whistleblowing against pharmaceutical companies [illegible]. The claimant also alleged that he fears returning to the USA as he fears President Donald Trump. The claimant stated that he has made a [illegible] against Trump and that he fears being targeted by officials of the USA and Trump supporters due to the post.

DETERMINATION

[5] I find that the claimant is neither a Convention refugee nor a person in need of protection.

ANALYSIS

[1] *Immigration and Refugee Protection Act* [illegible]

Canada

[illegible]

Identity

[6] I find that the claimant's personal identity and his identity as a national of the USA have been established by his American passport found at Exhibit [illegible].

Nexus

[7] In order to satisfy the definition of a Convention refugee found in section 96 of the [illegible], a claimant must establish that he or she faces a serious possibility of persecution on [illegible] of race, religion, nationality, membership in a particular social group or political opinion in his or her country of nationality.

[8] In this case, I find that the claimant's allegations do not establish a nexus to any of the five Convention grounds. As such, this claim will be assessed under section 97 [illegible] of the [illegible].

Credibility: Risk of s.97(1) Harm

[9] After assessing the totality of the evidence before me, I find on a balance of probabilities that the claimant has not established the alleged forward risk he [illegible] in the USA.

[10] In assessing the claimant's credibility, I accept that the claimant is telling the truth as he [illegible]. [illegible] I find that the claimant's testimony is not [illegible] trustworthy, and therefore not credible as the claimant's allegations are not reliable. There is no reliable or credible evidence before me to establish that the claimant is being targeted by the Oregon Judicial Department, the Federal Court of the USA, the government of the USA, or pharmaceutical companies of the USA.

[11] While the claimant alleges to be an environmental activist and a whistle-blower against big pharmaceutical companies, and notes in his BOC form that he [illegible] big [illegible] FK, M. K [illegible] there is no reliable evidence before me which would establish that the claimant is a [illegible] whistle-blower or has actually been targeted by the agents of harm described in the paragraph above.

Canada

[illegible]

The Federal Court [illegible]:

[illegible]

[illegible] preparing [illegible] reasonably be expected in the context [illegible] have been [illegible]

[15] The claimant [illegible] President Trump, he was assaulted the same day. While [illegible] the target of an unprovoked attack, I [illegible] stems from speculation rather than actual risk. The allegations that the [illegible] judiciary, and pharmaceutical companies are part of a conspiracy against the claimant are outside of the realm of what could reasonably be expected, in light of the lack of [illegible] evidence before me. While the claimant could have been targeted by another individual [illegible]

Canada

[illegible] random violence [illegible] there is insufficient evidence before me to connect the attack to any of the agents [illegible] in his case.

[6] The objective evidence contained in the NDP for the US [illegible] confirms that the United States is a federal republic whose people [illegible] a [illegible] political system, a strong [illegible] rule of law [illegible] freedoms of expression and religious belief, and a [illegible] other [illegible] liberties. The United States benefits from strong structural safeguards against [illegible] corruption, including [illegible] independent law enforcement system, a free and vigorous press, and a [illegible] sector.

[7] The claimant has submitted [illegible] evidence in support of his claim. The [illegible] which was [illegible] pages [illegible] illegible handwritten notes and photographs [illegible] documents. However, [illegible] the [illegible] provided by the claimant [illegible] are [illegible] as follows:

1. A [illegible] of dissolution of marriage [illegible] the claimant's ex-wife, filed at the Marion County Superior Court;

2. Multiple grievance forms and discipline hearing [illegible] the Oregon Department of Corrections, where the claimant had spent time in prison.

[8] [illegible] the documents submitted only corroborate the claimant's [illegible] personal belief, which I have found [illegible] not reliable [illegible] I find that these documents are neither relevant nor probative, and I assign these documents no weight for the following reasons.

[9] The documents provided by the claimant are not relevant to the case at hand. The documents make no mention of the claimant's alleged whistleblowing [illegible] governmental activities[5] or involvement in "preparing heaven on Earth for the return of Christ".[6] Simply put, while I have no reasons to doubt the genuineness or the authenticity of these documents, these documents are

given no weight as they are [illegible] also [illegible] central elements [illegible] allegations.

[illegible] After considering [illegible] evidence [illegible] credible [illegible] trustworthy evidence [illegible] U.S.A. [illegible] allegations [illegible] not supported [illegible] credible [illegible] evidence [illegible]

[illegible] established [illegible] allegations [illegible] probabilities [illegible] claimant has not established that [illegible] serious [illegible] persecution [illegible] personal [illegible] harm [illegible] should the claimant [illegible] return to [illegible] United States of America.

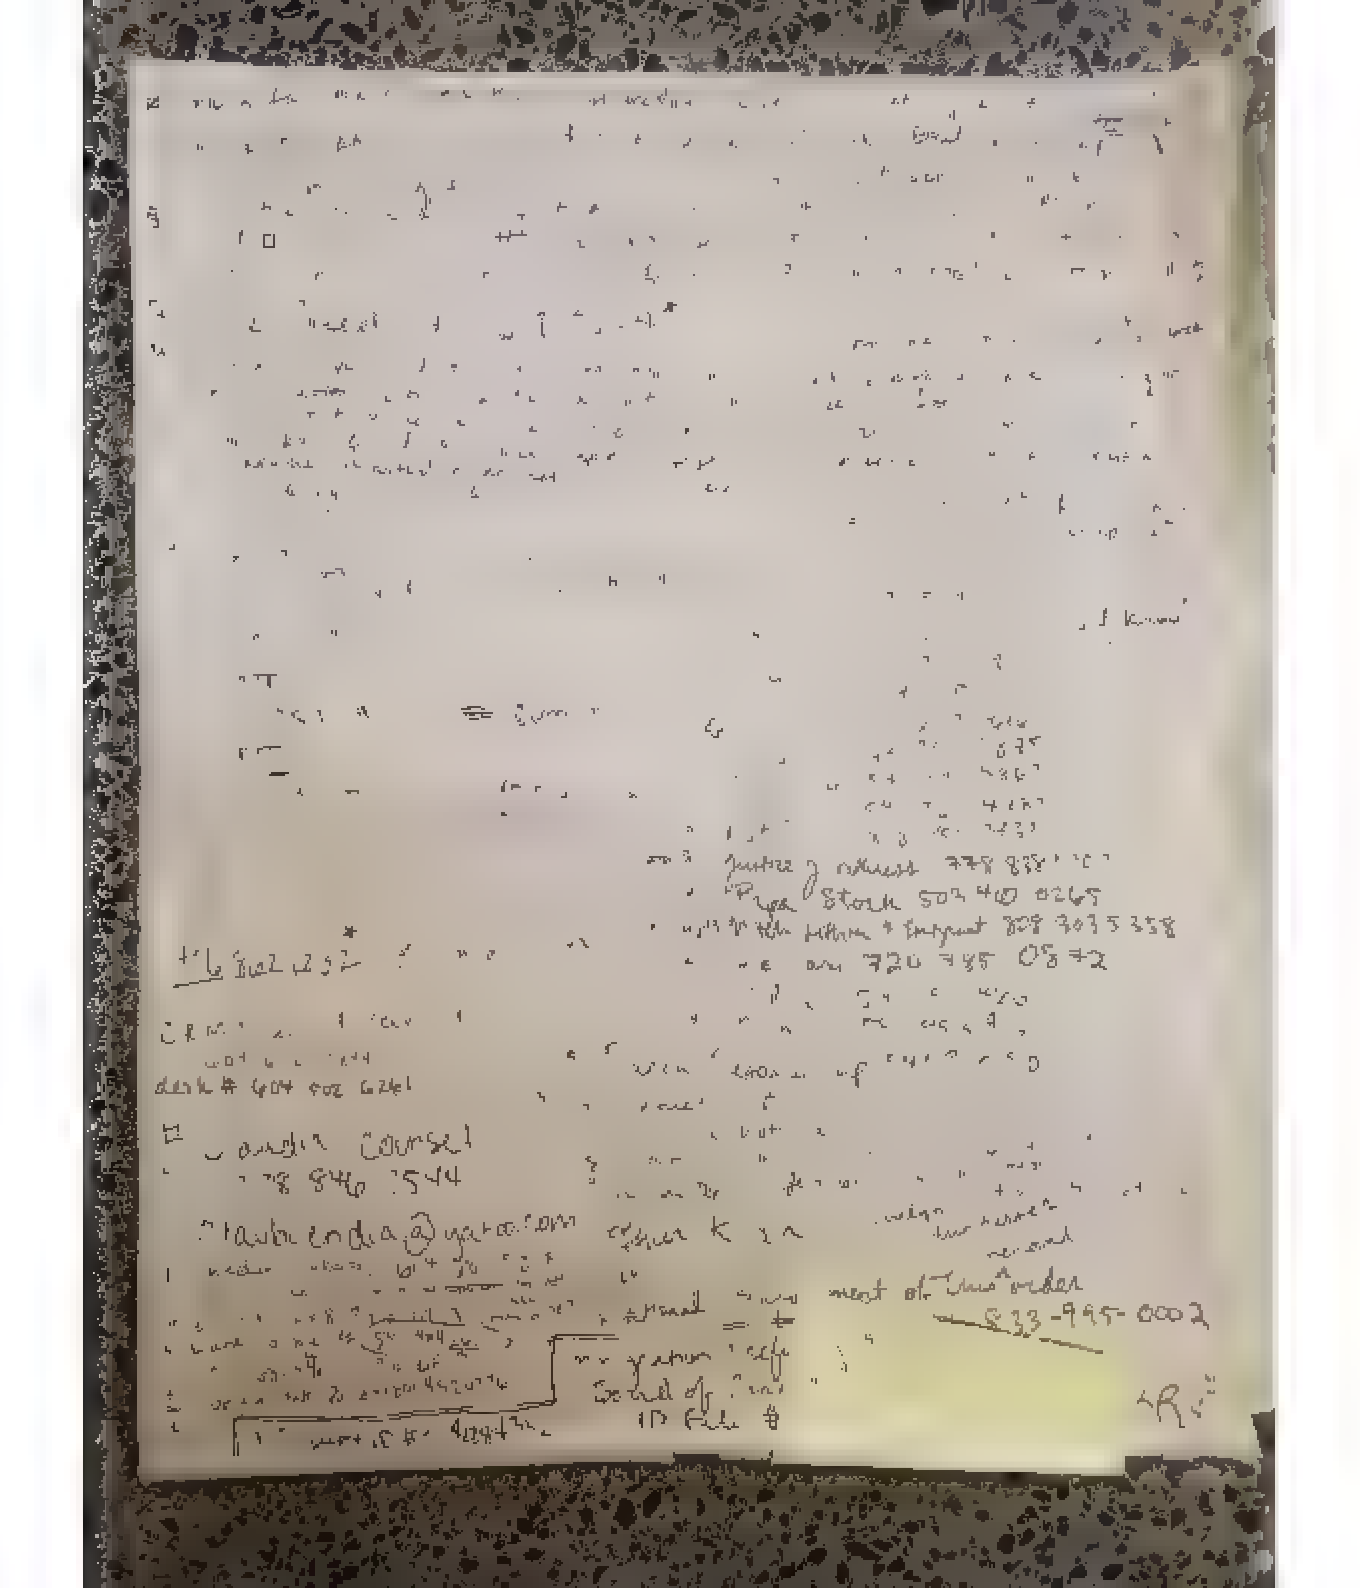

[illegible] As such [illegible] rejected.

CONCLUSION

[illegible] For the foregoing reasons, I find that the claimant is not a Convention refugee nor a person in need of protection. I reject the claim.

Stop taking acetaminophen and call your doctor if your symptoms get worse, you develop new or unexpected symptoms, including redness or swelling, your pain lasts for more than 10 days, or your fever gets worse or lasts more than 3 days. Also stop giving acetaminophen to your child and call your child's doctor if your child develops new symptoms, including redness or swelling, or if your child's pain lasts for longer than 5 days, or if a fever gets worse or lasts longer than 3 days.

Do not give acetaminophen to a child who has a sore throat that is severe or does not go away, or that occurs along with fever, headache, rash, nausea, or vomiting. Call the child's doctor right away, because these symptoms may be signs of a more serious condition.

Other uses for this medicine

Acetaminophen may also be used in combination with aspirin and caffeine to relieve the pain associated with migraine headache.

This medication is sometimes prescribed for other uses; ask your doctor or pharmacist for more information.

What special precautions should I follow?

Before taking acetaminophen,

- tell your doctor and pharmacist if you are allergic to acetaminophen, any other medications, or any of the ingredients in the product. Ask your pharmacist or check the label on the package for a list of ingredients.
- tell your doctor and pharmacist what prescription and nonprescription medications, vitamins, nutritional supplements, or herbal products you are taking or plan to take while taking acetaminophen. Your doctor may need to change the doses of your medications or monitor you carefully for side effects.
- The following nonprescription products may interact with acetaminophen: medications for pain, coughs, fever, and colds. Be sure to let your doctor and pharmacist know that you are taking these medications before you start taking acetaminophen. Do not start any of these medications while taking acetaminophen without discussing with your healthcare provider.
- tell your doctor if you have ever developed a rash after taking acetaminophen.
- tell your doctor if you are pregnant, plan to become pregnant, or are breast-feeding. If you become pregnant while taking acetaminophen, call your doctor.
- if you drink three or more alcoholic beverages every day, do not take acetaminophen. Ask your doctor or pharmacist about the safe use of alcoholic beverages while taking acetaminophen.
- you should know that combination acetaminophen products for cough and colds that contain nasal decongestants, antihistamines, cough suppressants, and expectorants should not be used in children younger than 2 years of age. Use of these medications in young children can cause serious and life-threatening effects or death. In children 2 through 11 years of age, combination cough and cold products should be used carefully and only according to the directions on the label.
- if you have phenylketonuria (PKU, an inherited condition in which a special diet must be followed to prevent damage to your brain that can cause severe intellectual disability), you should know that some

Talk to your pharmacist or doctor if you have questions about the safe use of acetaminophen or acetaminophen-containing products.

Why is this medication prescribed?

Acetaminophen is used to relieve mild to moderate pain from headaches, muscle aches, menstrual periods, colds and sore throats, toothaches, backaches, reactions to vaccinations (shots), and to reduce fever. Acetaminophen may also be used to relieve the pain of osteoarthritis (arthritis caused by the breakdown of the lining of the joints). Acetaminophen is in a class of medications called analgesics (pain relievers) and antipyretics (fever reducers). It works by changing the way the body senses pain and by cooling the body.

How should this medicine be used?

Acetaminophen comes as a tablet, chewable tablet, capsule, suspension or solution (liquid), extended-release (long-acting) tablet, and orally disintegrating tablet (tablet that dissolves quickly in the mouth), to take by mouth, with or without food. Acetaminophen is available without a prescription, but your doctor may prescribe acetaminophen to treat certain conditions. Follow the directions on the package or prescription label carefully, and ask your doctor or pharmacist to explain any part you do not understand.

If you are giving acetaminophen to your child, read the package label carefully to make sure that it is the right product for the age of the child. Do not give children acetaminophen products that are made for adults. Some products for adults and older children may contain too much acetaminophen for a younger child. Check the package label to find out how much medication the child needs. If you know how much your child weighs, give the dose that matches that weight on the chart. If you don't know your child's weight, give the dose that matches your child's age. Ask your child's doctor if you don't know how much medication to give your child.

Acetaminophen comes in combination with other medications to treat cough and cold symptoms. Ask your doctor or pharmacist for advice on which product is best for your symptoms. Check nonprescription cough and cold product labels carefully before using two or more products at the same time. These products may contain the same active ingredient(s) and taking them together could cause you to receive an overdose. This is especially important if you will be giving cough and cold medications to a child.

Swallow the extended-release tablets whole; do not split, chew, crush, or dissolve them.

Place the orally disintegrating tablet (Meltaways) in your mouth and allow it to dissolve, or chew it before swallowing.

Shake the suspension well before each use to mix the medication evenly. Always use the measuring cup or syringe provided by the manufacturer to measure each dose of the solution or suspension. Do not switch dosing devices between different products; always use the device that comes in the product packaging.

IMPORTANT WARNING:

Taking too much acetaminophen can cause liver damage, sometimes serious enough to require liver transplantation or cause death. You might accidentally take too much acetaminophen if you do not follow the directions on the prescription or package label carefully, or if you take more than one product that contains acetaminophen.

To be sure that you take acetaminophen safely, you should

- not take more than one product that contains acetaminophen at a time. Read the labels of all the prescription and nonprescription medications you are taking to see if they contain acetaminophen. Be aware that abbreviations such as APAP, AC, Acetaminophen, Acetaminoph, Acetaminop, Acetamin, or Acetam. may be written on the label in place of the word acetaminophen. Ask your doctor or pharmacist if you don't know if a medication that you are taking contains acetaminophen.
- take acetaminophen exactly as directed on the prescription or package label. Do not take more acetaminophen or take it more often than directed, even if you still have fever or pain. Ask your doctor or pharmacist if you do not know how much medication to take or how often to take your medication. Call your doctor if you still have pain or fever after taking your medication as directed.
- be aware that you should not take more than 4000 mg of acetaminophen per day. If you need to take more than one product that contains acetaminophen, it may be difficult for you to calculate the total amount of acetaminophen you are taking. Ask your doctor or pharmacist to help you.
- tell your doctor if you have or have ever had liver disease.
- not take acetaminophen if you drink three or more alcoholic drinks every day. Talk to your doctor about the safe use of alcohol while you are taking acetaminophen.
- stop taking your medication and call your doctor right away if you think you have taken too much acetaminophen, even if you feel well.

Gather and submit evidence that supports your claim and your identity

If you have not done so already provide us with evidence that supports your claim for refugee protection. This means collecting and submitting documents that show you are telling the truth about what happened to you in your country. Evidence includes documents such as police reports, medical records, newspaper articles, photographs, letters, emails, membership cards in a political or professional union or group, documents establishing your religion, and so on.

You must also establish your identity which includes information such as your name, date of birth, citizenship etc. You do this with documents proving you are a citizen of your country such as a passport, national identity card, military service record, marriage certificate or school transcripts.

If the documents are in a language other than English or French you must provide an English or French translation of each document.

We must receive a copy of any documents you wish to use at your hearing no later than 10 days before the date of your hearing. Include a cover page that lists all of the documents you submit to us. Also number the pages of those documents in consecutive order (1, 2, 3, etc.). If directed, you must provide the originals of these documents to the Division. Originals of documents submitted as evidence must be kept in the event they are requested.

Submit names of witnesses, if any

In addition to documentary evidence, you may also bring a witness to the hearing. A witness is someone who has information that will support your claim. For example, a witness may be someone who has either seen what happened to you or experienced the same problems. Notify us about the witness no later than 10 days before the date of your hearing, and submit the following information:

- witness name and contact information
- a brief description explaining why the witness will testify

Review the National Documentation Package for your country

The RPD produces a collection of documents called a National Documentation Package (NDP) for use by the Member (decision-maker) at your hearing. The NDPs contain information on the conditions in every country from where there has been a claim for refugee protection.

At your hearing, the Member will consider the information included in the NDP for your country when making a decision on your claim. You can review a copy of the most recent NDP for your country on our website at www.irb-cisr.gc.ca/en/country-information/ndp/

Preparing for your refugee claim hearing

Your hearing is the central event in your refugee claim. This is the point at which a Member (decision-maker) of the Refugee Protection Division (RPD) decides whether you are a Convention refugee or a person in need of protection. The following information should help you as you prepare for your hearing.

Know what to expect

Sign up for a Ready Tour so that you know what to expect during your hearing. Ready Tours educate, orient and support you as you prepare for your refugee hearing. Tours are available for free online and in many Canadian cities. To register for a tour, visit https://myrefugeeclaim.ca/en/ready-tours.

Keep your contact information up to date

If your contact information changes, let us know in writing right away (see above for our mailing address). You must also notify Immigration, Refugees and Citizenship Canada (IRCC) and/or the Canada Border Services Agency (CBSA) of the changes in writing.

If we cannot reach you, we may decide you have abandoned or given up your claim for refugee protection. This means you would lose the right to have your claim for refugee protection heard.

Seek out legal help

If you have not done so already, consider hiring a lawyer, immigration consultant, paralegal (Ontario only), or a notary public (Quebec only) to help you through the refugee claim process and at your hearing. These professionals are referred to as "counsel".

If you want to hire counsel, you should do so as soon as possible. Although you are responsible for paying for your counsel you may be eligible to receive help from a legal aid agency in your province. Or, if you prefer, you can choose to represent yourself or ask someone you trust to help you for free.

If you ask a friend, family member, or volunteer to represent you, they cannot charge you a fee. In this situation, the person must complete the Notice of Representation Without a Fee or other Consideration form (the form is available on our website at www.irb-cisr.gc.ca/en/forms/Pages/IrbCisr10103.aspx).

If you hire counsel after receiving this Notice to Appear

If you hire or change counsel, you must:

- Send us their contact information in writing. Contact information includes your counsel's name, address, telephone number, fax number and email address (a form is available on our website at www.irb-cisr.gc.ca/en/forms/Pages/IrbCisr10102.aspx).
- Notify IRCC and/or the CBSA of your counsel's contact information in writing.
- Give your new counsel all documents related to your claim, including any documents given to you or any previous counsel by the RPD or another party.

Your counsel must be available and ready to proceed on the scheduled date. The RPD rarely changes the date or time of a hearing because your counsel cannot attend.

Change the language of your hearing or interpreter, if necessary

When you filled out your Basis of Claim form, you selected either English or French as the language in which we would communicate with you, including at your hearing. You also indicated the language and dialect you wanted an interpreter to speak. If you wish to change the official language used at your hearing or change the language or dialect of your interpreter, you must notify us in writing no later than 10 days before the date of the hearing.

Canada's "Cyber Safe" recommendations at www.getcybersafe.gc.ca/en/secure-your-devices. For more information about the security of virtual refugee protection hearings, including the security measures that Government of Canada staff and contractors take, please review the guide at www.irb-cisr.gc.ca/en/legal-policy/procedures/Pages/rpd-virtual-hearings-guide.aspx

How to request a different type of hearing

If you have concerns about your device, location or otherwise participating in a virtual hearing, you can contact the RPD and request to **use a computer at an IRB office to participate in the hearing virtually**. Please contact us at least 10 working days prior to your hearing if you want to come to the IRB office. No form is required.

You can also request **an in-person hearing**. At an in-person hearing, you and the RPD decision-maker attend in-person together at an IRB office. Other participants, such as interpreters or witnesses, may participate in-person or virtually at the IRB's discretion.

To request an in-person hearing, you must submit an application to the RPD by completing the form on the IRB's website: https://irb.gc.ca/en/forms/Documents/RPD-in-person-hearing-form-May-2022.pdf

The form provides you with important information to help you explain your reasons for your application.

You do not have to provide reasons if:

- ✓ You are not represented by counsel
- ✓ You have previously been granted, or have submitted a request for, procedural accommodations
- ✓ You are detained
- ✓ You are an unaccompanied minor
- ✓ You are subject to a special hearing on abandonment.

IMPORTANT: Please let us know as soon as possible if you would like an in-person hearing or if you would like to attend your virtual hearing at an IRB office. If your request is made within ten working days of your hearing you must provide an explanation of why your request is late.

How to apply to change the date or time of this hearing

When scheduling, the RPD makes efforts to accommodate the availability of all parties and counsel: https://irb-cisr.gc.ca/RPD-scheduling. Parties may make an application to change the date and time of the hearing if it would be unfair to proceed on the date selected by the Division. As per RPD Rule 54, all applications to change the date or time of a proceeding must be made without delay and received by the Division no later than three working days before the date fixed for the proceeding, unless the application is made for medical reasons or other emergencies.

An abandonment hearing will be held if you do not appear for your refugee protection hearing

If you do not attend your hearing on the date indicated above, the IRB will hold a special hearing called an abandonment hearing to decide whether you may continue with your claim for refugee protection. If the IRB decides that your claim has been abandoned, this can have serious consequences for you.

If you do not connect to the hearing on the date indicated above, a notice will be sent to you with details of when and how to connect to the abandonment hearing. You will need to connect to the abandonment hearing in order to:

Spencer Joseph Barrett

Your claim for refugee protection has been scheduled for a virtual hearing

 Your hearing has been scheduled for **December 31, 2024 at 9:00 AM PT** Please connect to your hearing **at 8 45 AM PT** to allow one of our staff to check you in online to ensure that your audio and video are working before the hearing starts

 You will receive a link to access the hearing by e-mail about five days before your hearing If you have counsel, the link will be sent to them and your counsel should share that link with you You will be able to access the hearing through that link using a web browser or the Microsoft Teams app

 For more details about virtual refugee protection hearings, please review the guide at www.irb-cisr.gc.ca/RPDVirtualHearingGuide. If you have additional questions, or need technical support prior to your hearing, please call 1-833-931-5121

Privacy and technical requirements for virtual hearings

In order to attend a virtual hearing, you must meet the following privacy and technical requirements

 You have a private place from which to participate in the hearing

 You have a computer tablet or cellphone with a camera (webcam)

 You have access to reliable high speed Internet (at least 1 5 Mbps). For security public networks such as those in cafés should not be used to access your hearing.

 You have access to a telephone, so that we can call you if there is a connection problem.

 Your computer/tablet/cellphone and your Internet connection are secure and private. You should take all appropriate steps listed in the Government of Canada's "Cyber Safe" recommendations at www.getcybersafe.gc.ca/en/secure-your-devices, including having a legally licensed operating system up-to-date security patches, and anti-virus and anti-spyware software, if such security measures are available for your device.

If you do not meet these requirements or you have any other concerns about having a virtual hearing, please write to the Refugee Protection Division (RPD) without delay to ask that your hearing proceed from an IRB office

Risks of participating in a remote virtual hearing

 There is a risk that a third party could obtain information being shared over the Internet during a remote virtual hearing.

The IRB has no control over the security of the personal computers or cellphones that claimants counsel, witnesses observers, and other non-Government of Canada staff may use to connect to a virtual hearing and there is a chance that there could be a security breach of a participant's personal device

To reduce the chance of a security breach and information being disclosed, participants should ensure that they and anyone else they invite to attend the hearing, take reasonable precautions to secure their electronic device(s). This includes ensuring that the electronic device they use at the hearing complies with the Government of

Notice to Appear for a Virtual Hearing for your Refugee Protection Claim

Spencer Joseph Barrett

Your claim for refugee protection has been scheduled for a virtual hearing

Your hearing has been scheduled for **January 9, 2024 at 10:00 AM PT**. Please connect to your hearing at **9:45 AM PT** to allow one of our staff to check you in online to ensure that your audio and video are working before the hearing starts.

You will receive a link to access the hearing by e-mail about five days before your hearing. If you have counsel, the link will be sent to them and your counsel should share that link with you. You will be able to access the hearing through that link using a web browser or the Microsoft Teams app.

For more details about virtual refugee protection hearings, please review the guide at www.irb-cisr.gc.ca/RPDVirtualHearingGuide. If you have additional questions, or need technical support prior to your hearing, please call 1-833-931-5121.

Privacy and technical requirements for virtual hearings

In order to attend a virtual hearing, you must meet the following privacy and technical requirements:

You have a private place from which to participate in the hearing.

You have a computer, tablet, or cellphone with a camera (webcam).

You have access to reliable high speed Internet (at least 1.5 Mbps). For security, public networks, such as those in cafés, should not be used to access your hearing.

You have access to a telephone, so that we can call you if there is a connection problem.

Your computer/tablet/cellphone and your internet connection are secure and private. You should take all appropriate steps listed in the Government of Canada's "Cyber Safe" recommendations at www.getcybersafe.gc.ca/en/secure-your-devices, including having a legally licensed operating system, up-to-date security patches, and anti-virus and anti-spyware software, if such security measures are available for your device.

If you do not meet these requirements, or you have any other concerns about having a virtual hearing, please write to the Refugee Protection Division (RPD) without delay to ask that your hearing proceed from an IRB office.

Risks of participating in a remote virtual hearing

There is a risk that a third party could obtain information being shared over the Internet during a remote virtual hearing.

The IRB has no control over the security of the personal computers or cellphones that claimants, counsel, witnesses, observers, and other non-Government of Canada staff may use to connect to a virtual hearing and there is a chance that there could be a security breach of a participant's personal device.

To reduce the chance of a security breach and information being disclosed, participants should ensure that they and anyone else they invite to attend the hearing, take reasonable precautions to secure their electronic device(s). This includes ensuring that the electronic device they use at the hearing complies with the Government of

[illegible] [illegible] [illegible] [illegible] but being surrounded by idiots [illegible] make them [illegible] ideologies and forget my own [illegible] direction/ identity becomes [illegible] but the education & religious impetus/ inspiration is there (THE NEW testament is very different from the Old) [illegible] it must try to [illegible] [illegible] forget the 10 [illegible];

The Law was meant to be broken. Thats literally the opposite of what laws are for. readfool.

The first step to proving Canadas involvement in sex trafficking is proving whether or not they follow their own laws. a good starting point. So if humans are opportunistic and liable to breaking their own laws - maybe we should provide more alternative OPTIONS to gain in experience / skill / passion / interest. OPPORTUNISTIC can be good or bad depending the conditions of environment, amount of choices / options, education. One can be an opportunistic lawyer and break laws by lying or one can be an opportunistic health expert and go on a run. Still, security must be earned not forced... or it can be CONCRETE not ideal. (pseudo security vs REAL SECURITIES) [illegible] the storage of my documents written about the time / privilege, space to focus [illegible] and [illegible] by backsliding, fearful [illegible] not seeing [illegible] kingdom / Those [illegible] believe in [illegible] / consent. free will is still free even if [illegible] more infinite than infinite choices [illegible] could choose. BUT [illegible] matter [illegible] much I write, if you dont know how, you wont understand ANYTHING [illegible]

RECOMMENDATION TO YOU is to find a [illegible] style mother or father figure partner, attachment best friend - trust building exercises [illegible] Balance Health, self-care & care for others.

15) reasons I would have to name it to ed + (to maintain) own against the surveillance state & BGR ... ESS/DATA prison military complex) Because I love to archive, I love to see the change, now I just have ... because if I name on separate & that stuff is garbage. I got better / improved in style / direction / composition. But saw this year 2 ago while cleaning / sorting a house for sister using their bathroom, a poets hatred for a panther ... of work. Sure some might say this or that ... Data. But it was MY DATA they're compiling all their own data but not from my lens from their own tapped phones & web cams and westgate... ALL BASED in a current idiot government that doesn't represent love or care for life. BUT SURE, when I'm really using it never even ... memories / dead words + ... when I'm REALLY ... read my ... or write or ... tangential like the T.V. BUT without the ... "...ING" will become a repeat of old ... traumas that remain unresolved ... MAKING SURE THIS DOESN'T HAPPEN AGAIN (TO ANYONE - ... international ... backup systems... THIS IS WHAT HAPPENS WHEN YOU DATE / RELY ON / CARE FOR ... RELATIONSHIPS WITH PEOPLE that DON'T HAVE THE SAME VALUES or care for your life

I'm POSITIVE they were hoping I'd die in prison these EVIL, DUMB, ... /FRIENDS who ARE SO BLIND ... TO ESCAPE ANY OF IT ... the news and seeing people ... lose more children, property, life dreams, hope ... and to stand up for our COLLECTIVE, CIVIL, UNIVERSAL HUMAN RIGHTS ...

How should I use this medication?

What other drugs could interact with this medication?

There may be an interaction between hydrocortisone - zinc sulfate and any of the following:

- other medications that are being applied or used rectally
- other topical medications that contain corticosteroids or that have irritating effects

If you are taking any of these medications, speak with your doctor or pharmacist. Depending on your specific circumstances, your doctor may want you to:

- stop taking one of the medications,
- change one of the medications to another,
- change how you are taking one or both of the medications, or
- leave everything as is.

An interaction between two medications does not always mean that you must stop taking one of them. Speak to your doctor about how any drug interactions are being [illegible] or should be managed.

Medications other than those listed above may interact with this medication. Tell your doctor or prescriber about all prescription, over-the-counter (non-prescription), and herbal medications you are taking. Also tell them about any supplements you take. Since caffeine, alcohol, the nicotine from cigarettes, or street drugs can affect the action of many medic[illegible] you should let your prescriber know if you use them.

Preference for Natural/herbal plant medicine's such as Witches Hazel is well-founded/established given my highlights, commentary & side effects of this medicine but I will wait to see more from [illegible]

In-person hearings for **48-hour and 7-day detention reviews** generally cannot be considered due to operational limitations and the short timelines involved. However, if you would like the ID to consider a request for an in-person hearing, you can submit a request in writing to the same email or fax number as stated above. The request must include an explanation of why an in-person hearing is necessary, and you must show that a copy of the request was sent to the Canada Border Services Agency (CBSA) who will have an opportunity to respond to the request. You can send a copy of the request to the CBSA by fax at **604-666-4835**.

You may ask your counsel or a CBSA official for assistance in sending the request.

The documents that you provide to the Minister's counsel and to the Immigration Division must be received (a) as soon as possible, in the case of a forty-eight hour or seven-day review or an admissibility hearing held at the same time; or (b) at least five days before the hearing in all other cases. If your only option is to mail your documents, you must allow seven days for the documents to be received. You must bring any originals of these documents to the hearing.

Please note that any document you plan to use in a hearing must be typewritten on one side of 21.5 cm by 28 cm (8 ½" x 11") paper and the pages must be numbered. This includes any photocopies. If more than one document is being provided, please number each document and provide a list of the documents and their numbers.

6. Translation of Documents

If you have documents that you want the Immigration Division to consider at the hearing and those documents are not in English or French, you must have those documents translated into English or French. Your translation must include a signed declaration by the translator that states the language that was translated and that the translation is accurate.

7. Language of proceeding

If you wish to change the language of the proceeding to French, you must notify the Immigration Division in writing. The Minister's counsel and the Immigration Division Registry must receive your notice (a) as soon as possible, in the case of a forty-eight-hour or seven-day review or an admissibility hearing held at the same time; or (b) at least five days before the hearing in all other cases.

8. Interpreters

If you or any of your witnesses need an interpreter for the hearing you must notify the Immigration Division in writing and without delay, of the language and dialect, in the case of a forty-eight-hour or seven-day review or an admissibility hearing held at the same time; or (b) at least five days before the hearing in all other cases. The Immigration Division will provide an interpreter in the hearing room at no cost to you.

9. Check-in time

For in-person hearings only. All parties and their witnesses must check in at the reception no later than 30 minutes before the time scheduled on the day of the hearing. They are expected to remain available until the hearing is finished.

10. Witnesses

If you plan to call witnesses at your hearing, you must provide in writing the witnesses' contact information, the time needed for the witnesses to give their testimony, your relationship to the witnesses and whether you want the witnesses to testify in person, by videoconference or by telephone. The Minister's counsel and the Immigration Division Registry must receive this contact information (a) as soon as possible, in the case of a forty-eight-hour or seven-day review or an admissibility hearing held at the same time; or (b) at least five days before the hearing in all other cases.

If the witnesses are to give their testimony by long distance telephone call, you must bring to the hearing a telephone calling card that has no less than two hours of available time. The calling card should be from a large well-known Canadian company. Some cards that come from overseas do not work and if there are problems, the Immigration Division Member might decide to go ahead without hearing from your witness.

The Immigration Division member will ask witnesses to affirm that they will tell the truth. Persons concerned and witnesses who want to use a holy book to swear an oath to tell the truth should bring their own holy book.

11. Expert Witness

If you intend to call an expert witness at your hearing, you must provide a report signed by the expert witness which gives his/her qualifications and a summary of the testimony he/she will provide. An expert witness is a person who has specialized knowledge through skill, education, training, or experience beyond that of the ordinary person. As an example an expert could be a person that has studied and has extensive knowledge of a specific political organization. The Minister's counsel and the Immigration Division Registry must receive this report (a) as soon as possible, in the case of a forty-eight-hour or seven-day review or an admissibility hearing held at the same time; or (b) at least five days before the hearing in all other cases.

These are the most important rules that apply to your proceeding. If you want to read all of the rules that apply to the proceeding, they are available on our Web site at: www.irb-cisr.gc.ca

(10/18) Just left a Voice mail on Nico Breeds phone in regards to concerning comments I made on the 20 page report under Subsection 44(1) of the Immigration and Refugee Protection act.

I guess if Christ wont protect the children from being abused/molested/raped than I will be the "Anti-Christ" because of the horror unveiled in the statement "Love your Neighbor as yourself", this is a BAD (translation) Commandment, many people want to be hurt and hurt others. We do not all have the same love language and that's why CONSENT is so essential. However I always try to remind people of mistranslations and the need to develope universal language) Earth, The thought stream's in relation to so called religious teacher's and "God-fearing" men/women who are not held accountable (and if God wont hold them accountable then we plan to) a Brotherhood/Sisterhood [illegible] It is unfortunate to have to break commandment but God is slow to anger and once his/her patience is used up, there becomes only one resolve that is backlash/reflex for the [illegible] and vengeful and that is the Thanos [illegible] This is ~~my~~ defense for ~~SOME~~ (not all) military [illegible] However, I ~~believe~~/know we could design environment green-pastures to limit/eradicate the use of anger against the untrained/undisciplined "carnal" [illegible] primal man who does not respect boundaries, consent or any Societal contracts subliminal covert or overt. Before I notified people of the Science/blueprint CC context map, this was unknown ("forgive them for they know not") but now that they have been notified [illegible] is guilty of much more than ever before. [illegible] not believe in God, we have Laws for [illegible] son.

Parties must have their camera turned on and be visible on screen throughout the hearing. If this is not possible, you need to tell the member at the beginning of the hearing, and they will decide whether the hearing can continue.

If you have counsel and have not received the link to the hearing, it will be sent to your counsel who can share it with you.

Participants can visit the IRB website at irb-cisr.gc.ca and click on Hearings at the IRB on the main page for more information on connecting virtually to a hearing including how to set up and use Microsoft Teams. The direct link to this web page can also be found at irb.gc.ca/en/legal-policy/procedures/hearings-at-the-irb/pages/index.aspx. If you have further questions, please contact your regional ID office at IRB.Western_ID_detentions-quest_SI_detention.CISR@irb-cisr.gc.ca

What should you do if you prefer to have your hearing with all parties physically present in the same room, including the ID member who will decide your case?

You can make a request for an in-person hearing and when a request is granted by the ID, the member will be present in the hearing room with you, and your counsel, if applicable, as well as the Minister. If the Minister or other participants, such as the designated representative, need to participate virtually at an in-person hearing, they must notify the registry and the other party in writing by email at least three working days prior to the hearing.

How to Make a Request

I contacted the police records department and they advised that the State of Oregon and City of Corvallis had both signed sanctuary type legislation that does not support immigration enforcement The court states that they will not provide police reports when records are requested from them and they must be obtained from the police

BARRETT is currently wanted in Oregon for a parole violation warrant issued 2024 08.14

Reasons / raisons

I recommend BARRETT be convoked to an admissibility hearing and issued a deportation order

MAP Program Services

The BCIHC holds weekly sessions to connect detainees with representatives from non-profit community-based agencies. The sessions offer a safe space for detainees to speak on any concerns and identify personal needs. These agencies will work to connect you with the appropriate community support organizations to ensure you receive the necessary resources and support. For refugee claimants, the agencies will assist in locating transit or housing to ensure accommodation upon release from detention. The weekly sessions will also help you become informed on immigration, housing, finances, health, legal aid applications and other needs.
